Product Description

Husqvarna 436LiB Battery Powered Leaf Blower

Lightweight, easy to use, and quiet, the 436LiB is the most powerful Husqvarna battery-powered leaf blower. An easy tap on the keypad starts the machine instantly at all times and the cruise control means full focus on blowing leaves and debris away. This electric leaf blower also has a boost power mode that gives you extra power when needed. It's powerful and eco-friendly. Best of all, it's cordless. Battery and charger not included.
