Product Description

BPU3750A Reversible Vibratory Plate

These reliable plates with a unique integrated wheel set deliver excellent compaction performance in their size class. The compact dimensions and great maneuverability, combined with high engine power result in high productivity. Ideal for compaction of interlocking paving stones, trenches, landscape and municipal applications.

Features:

- The unique, integrated wheel set simplifies the task of moving a reversible plate around the job site and shop floor.
- Single lever direction control provides for easy forward and reverse operation.
- Specially designed shockmount system offers a virtually vibration-free guide handle in increased operator comfort and high productivity.
- Tough ductile iron base plate is extremely durable even under extreme conditions and provides long service life.
- Easy access throttle control simplifies operation and reduces operator fatigue.
