### **Product Description**

## **ET20 Compact Excavator - Open Canopy**

The 2-tonne, ET20 excavator offers excellent performance and comfort in a compact package. The ET is a productive and versatile digging machine with a maximum digging depth of 8' 10" and a strong breakout force of 4226 lbs. The Tier 4 Final engine delivers 17.2 net hp at 2,200 RPM for powerful digging, fast cycle times and quiet operation. The ET 20 is also designed for comfortable operation with a large operating station, excellent visibility and a unique double-door cab design.

### **Features:**

- A telescopic undercarriage can be extended from 39" to 51" for greater lifting power and stability
  - Comfortable operator station with unique double-door cab allows operator to enter or exit the machine from either side and provides for excellent visibility.
  - Large engine cover and easy removal of side covers provides for easy access and serviceability.
  - Pattern control changeover conveniently located inside the operator station.
  - Elongated tracks feature four rollers for increased stability, smoother ride and lower ground pressure.
-
